Bootstrap – Componentes básicos

Los ejemplos funcionan previa instalación local de Bootstrap 5

Bootstrap – Componentes básicos

Carousel / Slideshow

https://www.w3schools.com/bootstrap5/tryit.asp?filename=trybs_carousel

The image shows the Bootstrap Playground interface. On the left is a code editor with the following HTML code:

```
<!DOCTYPE html>
<html lang="en">
<head>
  <title>Bootstrap Example</title>
  <meta charset="utf-8">
  <meta name="viewport" content="width=device-width, initial-scale=1">
  <link
href="https://cdn.jsdelivr.net/npm/bootstrap@5.1.2/dist/css/bootstrap.min.css"
rel="stylesheet">
  <script
src="https://cdn.jsdelivr.net/npm/bootstrap@5.1.2/dist/js/bootstrap.bundle.min.js">
</script>
</head>
<body>

<!-- Carousel -->
<div id="demo" class="carousel slide" data-bs-ride="carousel">

  <!-- Indicators/dots -->
  <div class="carousel-indicators">
    <button type="button" data-bs-target="#demo" data-bs-slide-to="0" class="active">
</button>
    <button type="button" data-bs-target="#demo" data-bs-slide-to="1"></button>
    <button type="button" data-bs-target="#demo" data-bs-slide-to="2"></button>
  </div>

  <!-- The slideshow/carousel -->
```

On the right is a live preview of the carousel. It shows a black and white image of a band performing on stage. The carousel has navigation arrows on the sides and indicators (dots) at the bottom. The first slide is active. The interface also includes a toolbar at the top with icons for home, menu, save, undo, redo, and a 'Run' button. The top right corner shows 'Result Size: 744 x 539' and a button 'Get your own website'.

Basic Card

Bootstrap – Componentes básicos

Modal

https://www.w3schools.com/bootstrap5/tryit.asp?filename=trybs_modal&stacked=h

The screenshot shows a web editor interface with a code editor at the top and a live preview at the bottom. The code editor contains HTML code for a modal footer, including a 'Close' button. The live preview shows a modal example with a heading, body text, and a close button.

```
<!-- Modal footer -->
<div class="modal-footer">
  <button type="button" class="btn btn-danger" data-bs-dismiss="modal">Close</button>
</div>

</div>
</div>
</div>

</body>
</html>
```

Modal Example
Click on the button to open the modal.

Open modal

Modal Heading ×

Modal body..

Close

Bootstrap – Componentes básicos

Offcanvas

https://www.w3schools.com/bootstrap5/tryit.asp?filename=trybs_offcanvas&stacked=h

```
16 <body>
17 <!-- offcanva -->
18
19 <div class="offcanvas offcanvas-start" id="demo">
20 <div class="offcanvas-header">
21 <h1 class="offcanvas-title">Heading</h1>
22 <button type="button" class="btn-close" data-bs-dismiss="offcanvas"></button>
23 </div>
24 <div class="offcanvas-body">
25 <p>Some text lorem ipsum.</p>
26 <p>Some text lorem ipsum.</p>
27 <p>Some text lorem ipsum.</p>
28 <button class="btn btn-secondary" type="button">A Button</button>
29 </div>
30 </div>
```

Tener en cuenta que el código del offcanvas siempre debe ser lo primero en la página, y luego en el div que deseemos pegamos el código del botón que lo va a llamar por el id, de ese offcanvas.

Para este ejemplo
no copiar el div
container fluid, ya
que tenemos uno
dentro del archivo y
formaría conflicto

```
183 <!-- offcanva Botón -->
184 <h3>Offcanvas Sidebar</h3>
185 <p>Offcanvas is similar to modals, except that it is often used as a sidebar.
186 </p>
187 <button class="btn btn-primary" type="button" data-bs-toggle="offcanvas"
188 data-bs-target="#demo">
189   Open Offcanvas Sidebar
190 </button>
191 <!-- End offcanva Botón -->
```

Bootstrap – Componentes básicos

Collapse

https://www.w3schools.com/bootstrap5/tryit.asp?filename=trybs_collapsible_accordion&tacked=h

```
<!-- Hago otro -->
<div class="card">
  <div class="card-header">
    <a class="collapsed btn" data-bs-toggle="collapse" href="#collapseFour">
      Collapsible Group Item #4
    </a>
  </div>
  <div id="collapseFour" class="collapse" data-bs-parent="#accordion">
    <div class="card-body">
      Lorem ipsum dolor sit amet, consectetur adipisicing elit, sed do
      eiusmod tempor incididunt ut labore et dolore magna aliqua. Ut enim
      ad minim veniam, quis nostrud exercitation ullamco laboris nisi ut
      aliquip ex ea commodo consequat.
    </div>
  </div>
</div>
```

Ejemplo acordeón

Notas: Sobre algún tema Lorem ipsum, dolor, sit amet consectetur adipisicing elit.

Collapsible Group Item #1

Collapsible Group Item #2

Collapsible Group Item #3

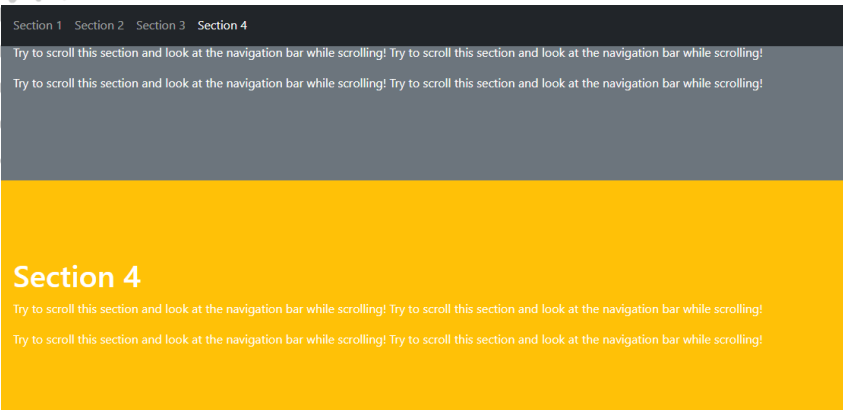

Collapsible Group Item #4

Lorem ipsum dolor sit amet, consectetur adipisicing elit, sed do eiusmod tempor incididunt ut labore et dolore magna aliqua. Ut enim ad minim veniam, quis nostrud exercitation ullamco laboris nisi ut aliquip ex ea commodo consequat.

Bootstrap – Componentes básicos

Scrollspy

https://www.w3schools.com/bootstrap5/tryit.asp?filename=trybs_scrollspy&stacked=h

```
24 <li class="nav-item">
25   <a class="nav-link" href="#section4">Section 4</a>
26 </li>
```

```
<div id="section4" class="container-fluid bg-warning text-white" style="padding:
100px 20px;">
<h1>Section 4</h1>
<p>Try to scroll this section and look at the navigation bar while scrolling!
Try to scroll this section and look at the navigation bar while scrolling!</p>
<p>Try to scroll this section and look at the navigation bar while scrolling!
Try to scroll this section and look at the navigation bar while scrolling!</p>
</div>
```
